In You have a question. Let us show you how to find the answer!

- You know it is possible. You may have even done it before. But for the life of you, you cannot remember how you did it.
- How do I copy and paste? How do I send an email?
- How do I set up a Facebook account? Can I communicate with my grandchildren without catching a virus? What is an app?
- Where do I find the template to conduct a Lions Memorial Service?
How do I print off a certificate of Insurance for a Lions Club Activity?
Where do I find minutes from past cabinet meetings, past District newsletters, sample club Policy and Procedure Manuals, etc.?

Brought to you by your District 11-E1 Information Technology Committee
