I am submitting this written report for the cabinet meeting because I am unable to attend this time. We have a lot going on My brother-in-law had a heart attack on Monday in Flint, I have had a weekend trip planned since last November with some girlfriends, then My husband Fuzz will have his hip replaced on Tuesday Sept. 9th. . We have had several trips to different doctors to get his Clarence for this surgery. I have still managed to get some Lions work done . I delivered the roster books to Lion Dick after the last mini cabinet meeting so he could get them to his clubs. I held an officer training class August 27, we had 14 Lions attend. Lion John Monahan and Vice District governor Wayne came up to give the class . They covered a lot of valuable information in a short period of time and did a great job. Frankfort is struggling with 15 members but still are serving the community, they held their chicken BBQ over the 4th of July, served over 900 dinners. They helped on the Blueberry festival in August. Lake Ann just held their annual pancake breakfast over the Labor Day weekend it is always a busy project for their club. Their King Lion Jodi came to the officer training with several of their officers. I need to thank Lion Laura for making one of my club visits , somehow Lion Harry took her to Mesick instead of Mecosta I told her I thought it was really nice of her to do that for me!!! Honor club was at the Coho Parade and we had our food wagon their on Sat the 23 of August the morning brought thunder, lightning and buckets of rain, .The afternoon brought the sun and hot weather so we were able to sell a few hot dogs , we kicked off our annual rifle raffle, We just assisted a lady in our area, with the help of Dr Paul Hameran with a hearing aid as well as glasses. Lion Paul is a member of the Traverse City club. I want to thank him for all his help with this lady Our next project is Benxie Fall Festival Pancake breakfast in October. I received an e-mail from Lion Carl Hawkins from Kalava, he was unable to attend the officer training because of a fire at his business he said he had some minor burns so hope things get better for him. I believe this is all I have to report at this time. I am praying for a positive out come with my husband's surgery . The surgery it self is usually pretty simple however with his other health complications ,his will be more difficult with some risks. Respectively submitted

District 11 E1 Region 1 Zone 1 Report

The summer in Zone 1 has been active and productive for all clubs. Cooking for the crowds seems to be the order of business. The Chicken BBQ that the Empire Lions Club put on was a great success even though attendance was down- a general trend throughout the area. The Sleeping Bear National Park visitor numbers were down 30% over the summer. The Northport Lions Club was the exception to that rule. They again served over 1400 people at their annual Fly-In Breakfast in Northport. Both Cedar/Maple City and Lake Ann Lions Clubs served up pancakes and steaks throughout the summer weekends as fundraisers for their projects.

Both Empire and Cedar Maple City run raffles in the summer. Cedar Maple City gives away local products to include a side of beef from local merchants. Empire borrowed an idea from the Grayling Lions Club and runs a Lucky 13 cash raffle that over a thirteen week period nets the Club \$ 1900 each time the raffle is run. Both these raffles are positive fund raisers for the Clubs.

Cudos for Cedar-Maple City that managed to get a large article and picture in the local Leelanau Paper that featured their Club President in a news story entitled Why I Am A Lion. They have a particularly good publicity chairman that has gotten several articles and pictures of Lions activities in the local paper- The Leelanau Enterprise over this summer. Of equal note was Northport's donation to Campaign Sight First II. It seems my visit to the Club in Feb 08 to make a presentation paid off.

Roster Books have been mailed to all Zone Clubs along with an introduction letter and comments by the Zone Chairman. Visitation schedules are not set in concrete as of this time, but are in process.

I look forward to a productive year in Lionism.

Zone Chairperson ,Zone 1- Region 1

WOMEN'S DEVELOPMENT NEWS

*A big change in the "W" of the MERLOW Committee has taken place in International President Brandel's year. The combination of family and women's initiative has created a new title "**FAMILY and WOMEN MEMBERSHIP DEVELOPMENT**"*

UNITED IN SERVICE AWARDS

This award will automatically be sent out to district governor's whose district had a net growth of 25 women members at the end of the fiscal year. Unfortunately, according to the numbers I received from International as of June 30, 2008 District 11 E1 showed a net gain of only two female members.

DISCOUNTED STUDENT MEMBERSHIP FEES

Any student under 30 years of age, with completion of a verification form, is eligible for a waiver of initiation fee and annual International dues of \$19.50(a savings of the same amount).

If the student is part of a campus or branch club the dues of \$19.50 must be paid in full at the beginning of the year.

In closing, I feel the clubs in our districts that have not taken in women members are losing out of new ideas and talents that only women can bring into a club.

I will be writing an article for the October newsletter, with a follow up letter to go out to all club presidents in November. Both will include ideas to encourage the addition of females into their clubs.

Respectfully,

Lion Laura Johnson, Family and Women's Membership Development Chair

Camp Tuhsmeheeta (Camp T.)

It has been a successful summer at Camp T this summer. The numbers were down and there are a couple things that didn't help.

1. Snow days effected the first session which was very high last year but ti was down dirastically this year.
2. Unemployment and the economy affected many parents
3. Gasoline prices sky rocketed.

Money coming in was not as good this year than last year. We did not reach the amount we were expecting.

1. Meijer Corp.
2. Shared funds from the State
3. The trust fund, they were expecting \$40,000. From that, it didn't happen.

They laid off some staff when they found out they were not going to get this money.

They canceled the GPS weekend which was very successful the last several years.

All in all it was a very successful summer.

District 11 E1 Diabetes Chairperson Report

Activity in this area has been rather slow due to a funding issue with the TIPDON and other State DON's. Funding was re-established this summer so all area Offices are now functioning again. The first fall meeting of TIPDON will be in October 08 and I will be participating in its business.

Most of the TIPDON workload has been taken over by local Regional Hospitals – Munson Hospital in Traverse City is my local contact. This summer Munson was quite active in a project that all DON's sponsored entitled Lets Get Moving Northern Michigan. This program was a 100 day fitness challenge effort to help combat diabetes and improve overall health status. Local area participation was stressed and if Empire was any indication the program was quite a success. Local merchants were also involved in weekly prize drawings for miles walked (individually and team efforts).

Other than some improvements to blood checking items a Diabetes cure remains elusive. The number of cases of Type II Diabetes continues to rise.

District Editor Report

This year I am featuring a District or State project each month, so please send me articles project Chair people, I will be calling you to remind you in advance of the month we could use your article. We need to get the word out to more members in the District.

Zone Chairmen, Region Chairmen, please go to the Clubs that you are representing and get E-mail addresses. I would like names, Club's they represent and E-mail addresses. Some Club's we have no E-mail addresses for and an E-mail address would be wonderful.

Please send me articles that are current. Suggestions A project coming up, An award given to a special member, a special guest visit's your Club, these are examples.

I have a list of 100 people. If you have not received any messages from me, please give me your address.

Please, no news paper articles. It would be easier for me to receive them electronic. I can handle most picture formats. I can manage HTML format as well. I use Word and that is the best for me. If you use Word Perfect, you can save the file as a Word document, or I can convert it to Word as well.

I am very happy to serve our District and your Club's and I am looking forward to a great year ahead with you.

I welcome any questions.

[MD11 Redistricting Committee Report - September 7, 2008](#)

Redistricting is a dead issue with this year's Council. They have decided to concentrate on organizing new clubs and promoting membership instead. Their goals are to personally sponsor 5 new members this year and to bring every district up to at least 1,250 members. Those are ambitious goals, but there have been some positive results. At the end of July, there was one new club in 11 A1, and four districts showed membership growth—resulting in a net gain of 6 for the multiple district. It's hard to judge what will happen by the end of the year, but it's a good start.

Janalee -

Here is my report. I will be going to Rochester next weekend to train for the Leader Dog District job. David is driving me and bringing me home on Sunday.

We will be happy to do programs for clubs and for other organizations, so please call to reserve a time. David works 30 hours a week on a pretty flexible schedule. I also have a flexible schedule, but I need to schedule time off for things so the hospitals I routinely work for know that I will be unavailable.

Hi Jane,

I'm attaching the August 11E1 Newsletter. Page 5, bottom half of page, has an article about Leader Dog. White Cloud Lions article is on page 10, I think. Map is page 11.

Also attaching agenda for Sunday's Cabinet Mtg.

District 11E1 Webpage address is: <http://11e1.homestead.com/info.html>

Hope you get it ok.
